

Self-Employed 101 for RMTs

Sunday, October 15, 9:30-4:30

Instructor: Susan Feldman (Tax Ma'am)

Max Participant #: 30

The goal of *Self-Employed 101 for RMTs* is to support massage therapists as they improve their business acumen and become better prepared to file their tax returns as self-employed professionals. The discussion will include but not be limited to:

- ☐ Business Structure: organizing and registering your business
- ☐ Bookkeeping systems: old school vs. electronic, keeping a good paper trail
- ☐ HST registration and responsibilities: annual vs. quarterly, regular vs. the “quick method”
- ☐ Income declaration including: invoicing, % splits with clinics, T4A's
- ☐ Expense write-offs including: office in home, car write-offs
- ☐ RRSP and TFSA: tax implications
- ☐ Filing Personal Tax Returns and HST Returns: including deadlines and penalties
- ☐ Installment payments for HST and personal taxes

Whether you've been doing this for multiple years or are just starting out, the information provided in this workshop will be of benefit to you. All questions are encouraged.

Instructor:

Susan Feldman says: *I prepare personal income tax returns. Because people come to me by referral, I have a well-established network of clients. My real strength is with self-employed professionals including health care providers, artists of all types, owner-operated service businesses and families of all diversities. During tax season, I see a lot of people in a short period of time but I am available during the rest of the year as well and I am happy to help those who have the difficult task of catching up with multiple years of tax returns. I also offer continuing education opportunities in the form of coaching and workshops to individuals and groups with the focus on being prepared to file a personal tax return as a self-employed professional. I encourage people to relax by demystifying the process and supporting their learning curve.*

Cost:
