

Sutherland-Chan School ~~and Teaching Clinic~~ of Massage Therapy

Policies and Procedures Notification

Title: CPR/First Aid

Policy Statement

One of the requirements for acceptance into Sutherland-Chan's student and specialty clinic program, which begins in Term 2, is currency of Basic Rescuer (Level C or 2 adult, infant and child) CPR and Standard First Aid training.

Documentation must be submitted to the OSAP & Student School Office ~~Manager~~ Records Co-ordinator (OSRC), no later than one month prior to the Term 2 start date. Because of the attendance requirement, failure to provide documentation in a timely fashion will jeopardize a student's ability to pass Term 2 student clinic.

Similarly, if your CPR or First Aid certificate expires during the school program, you must re-qualify and submit new documentation by no later than one month prior to the term in question. This information is verified by the OSRC ~~School Office Manager~~ before each term starts.
